Pro vytvoření alertu je nutné se registrovat ve WOS

The screenshot shows the Web of Science interface. At the top, there are navigation links for Web of Science™, InCites™, Journal Citation Reports®, Essential Science Indicators™, and EndNote™. On the right, there are links for Sign In, Help, and English. The main header features the 'WEB OF SCIENCE™' logo and the 'THOMSON REUTERS™' logo. Below the header, there are tabs for 'My Tools', 'Search History', and 'Marked List'. The search results are sorted by 'Publication Date -- newest to oldest'. A 'Page 1 of 9,741' indicator is visible. A 'Create Alert' button is present on the left. The 'Refine Results' section includes a search box and a list of 'Web of Science Categories' with checkboxes for 'CHEMISTRY MULTIDISCIPLINARY (8,078)', 'BIOCHEMISTRY MOLECULAR BIOLOGY (6,678)', 'MATERIALS SCIENCE MULTIDISCIPLINARY (6,529)', 'CHEMISTRY PHYSICAL (5,674)', and 'PHYSICS CONDENSED MATTER (5,012)'. A 'more options / values...' link and a 'Refine' button are also shown. The 'Document Types' section includes 'ARTICLE (79,680)'. The search results list includes two entries: 4. 'Performance of platinum and gold catalysts supported on ceria-zirconia mixed oxide in the oxidation of chlorobenzene' and 5. 'Oleate-based hydrothermal preparation of CoFe₂O₄ nanoparticles, and their magnetic properties with respect to particle size and surface coating'. A 'Save Search History' dialog box is open in the center, prompting the user to sign in or register. The dialog box has a title bar with a close button. It contains a 'Sign In to Save in the Web of Science' section with 'E-mail Address' and 'Password' input fields, a 'Sign In' button, a 'Cancel' button, a 'Keep me signed in' checkbox, and links for 'Forgot Password' and 'Register'. To the right of the input fields, there is text explaining that signing in allows access to search history and lists benefits: creating e-mail alerts and RSS feeds, accessing search history from any computer, and opening search history directly from the Web of Science. Below this is a 'Save to a Local Drive' section with a 'Save' button and text stating 'Save your history to a local drive. Once saved, close this window.'

Citation Alerts **Journal Alerts** **Saved Searches**

Your list is empty.

This feature allows you to receive an e-mail alert when articles you select are cited. Alternately, you can use this feature to keep a list of your favorite articles.
To add an article to this list (and receive an e-mail each time it is cited):

- 1) Perform a search in one of the Web of Science™ citation database products (such as Web of Science Core Collection).
- 2) When viewing a Full Record, click the "Create Citation Alert" button (not all Full Records in all products will have this button -- read Help for more information). Return to this page by clicking the "Citation Alerts" link at the top of any Web of Science™ page.

Decision fusion
ID IMAGE; 3D; REPRESENTATION; BIOMETRICS
AB This work proposes a novel face recognition method based on Zernike
moments (ZMs) and Hermite kernels (HKs) to cope with variations in
facial expression, changes in head pose and scale, occlusions due to
wearing eyeglasses and the effects of time lapse. Near infrared images
are used to tackle the impact of illumination changes on face
recognition, and a combination of global and local features is utilized

Author Citation Alerts

When you set an Author Citation Alert you will receive an e-mail each time a document of that author is cited in Scopus.
